Join BPM Partners for Annual Webcast: The Pulse of Performance Management 2015

What You Need to Know to Improve Budgeting, Reporting, Consolidation, and Analytics

Stamford, CT – May 7, 2015 – [BPM Partners](#), the leading independent authority on business performance management (BPM), today announced the opening of registration for the “Pulse of Performance Management 2015” webcast (<http://www.industryweek.com/webinar/pulse-performance-management-2015>), hosted this year by IndustryWeek on May 28th at 2:00 p.m. ET.

Now in its 12th year, this annual web event will quickly get you and your team up to speed on everything important happening in budgeting, planning, forecasting, consolidation, reporting, and analytics. This information will enable you to confidently embark on a new performance management project, or identify opportunities to enhance an existing one.

The webcast will examine current trends impacting performance management, technology considerations (cloud, mobile, Big Data), as well as what the BPM Pulse survey reveals about peer organizations’ plans and priorities. Craig Schiff, CEO and founder of BPM Partners, will host the event.

During the live session BPM Partners will reveal for the first time:

- BPM Partners’ core list of performance management vendors for 2015 including a review of their products, latest enhancements, and 'best fit' analysis
- BPM Partners’ selection for ‘best new vendor of the year’
- The highly anticipated BPM Pulse 2015 vendor customer satisfaction ratings

Although on-demand replays will be available, only live event attendees can participate in the ‘Ask the Experts’ segment at the end of the session. Register [here](#).

About BPM Partners

BPM Partners is the leading independent authority on business performance management (BPM) and business intelligence solutions. The company helps organizations address their budgeting, planning, financial reporting, regulatory compliance, profitability optimization, key performance indicator (KPI) development, and operational performance challenges with vendor-neutral experts who can guide companies through their BPM initiatives from start to finish while both reducing risk and minimizing costs. BPM Partners has specialized packages that lead clients through project justification, requirements definition, vendor selection and deployment of departmental or enterprise-wide BPM or business intelligence (BI) systems. For further details, go to <http://www.bpmpartners.com>. Follow BPM Partners on Twitter [@BPMTeam](#).
